

HELPFUL HANDLING HINTS FROM WORKWASTE FOR:

LAMPS

REMEMBER:

- ◆ Attach “universal waste—lamps” label
- ◆ Add accumulation date when bulbs first placed in container and recycle within 1 year
- ◆ Broken lamps should be segregated
- ◆ Do *not* tape lamps together
- ◆ All lamps should be collected/packaged by bulb type—keep them organized by type and size
- ◆ Keep container closed at all times
- ◆ Train employees on proper bulb management
- ◆ When container is full, write the number of bulbs on outside of container.
- ◆ Maintain copies of shipping paperwork

Acceptable Lamp Types

- Fluorescent
- Compact fluorescent
- Incandescent
- Mercury vapor
- Metal halide
- HID
